

RE: page 1010

Richard has come to the realization of just how important a role I am now playing in his son Matthew's life.

On the day before my departure for Syracuse to pick up Matthew on his return from California (a trip orchestrated and financed by SRP) Richard wrote the note given on page 1010. It is very touching that he wrote the note that he did. I immediately phoned Richard's brother, John, in California and read the note to him; also phoned Richard's mother, Connie, and read the note to her. All of us, during the two phone calls, got very emotional about the beautiful note that Richard wrote to me.

At the same time that he acknowledged my role in Matt's life, Richard has chosen to show himself one hundred percent behind the D&H caboose project (he came up to Wells Cargo to see the caboose during the unloading process on December 3rd). His

check for \$100 will make him the first
“Friend of D&H Caboose 35964.”
